

Appendix F: Current Availability of 10 Products in Model Standards Legislation

The Appliance Standards Awareness Project (ASAP) has compiled information on availability of products meeting the standards in ASAP’s model legislation. Where exact numbers were not found, a description of availability is given. These lists primarily are based on the programs on which the recommended standards are based. Additional products may comply, but are not currently listed. Please visit the Web sites listed below for updated product lists.

| Product (standard and Web site listed below) | Manufacturer | Models | |
|---|---------------------|--|--|
| Set-top boxes | Pace Micro Tech | 8 | |
| ENERGY STAR ⁷ , <i>energystar.gov</i> | Scientific Atlanta | forthcoming | |
| | | | |
| Torchiere lamps | Catalina Lighting | These are leading compact fluorescent (CFL) torchiere manufacturers. Most offer several models. Others meet California's <190w standard with incandescent and metal halide lamps, though CFL bulbs have the best watt to light output ratio. | |
| California standard, <i>energy.ca.gov</i> | Emess | | |
| | Energy Federation | | |
| | Good Earth | | |
| | Microsun | | |
| | Tech Consumer | | |
| | General Electric | | |

| | Olsun Electronics | 19 | |
| | Power Quality | 88 | |
| | PowerSmith | 80 | |
| | Square D | 18 | |
| | Tech Tran | 4 | |
| | Sola Hevi-Duty | 8 | |
| | | | |
| Exit signs | Gilbert | 28 | |
| ENERGY STAR ⁷ , <i>energystar.gov</i> | Light Panel | 4 | |
| | Mule | 3 | |
| | Hubbell | 64 | |
| | Highlites | 18 | |
| | Austin Innovations | 4 | |
| | Cooper Lighting | 24 | |
| | Chloride Systems | 9 | |
| | Dual Lite | 16 | |

| Product (standard and Web site listed below) | Manufacturer | Models | |
|--|-------------------------|--|--------------|
| | Thomas & Betts | 11 | |
| | FACDIR | 2 | |
| | Isolite | 4 | |
| | Lithonia | 91 | |
| | | | |
| Traffic signals | Act One | 10 | |
| California standard energy.ca.gov | American Bright | 6 | |
| | Dialight | 28 | |
| | GELcore LLC | 35 | |
| | Leotek | 3 | |
| | | | |
| Ice makers | | Air Cooled | Water Cooled |
| FEMP recommendations eren.doe.gov/femp | Hoshizaki America, Inc. | 20 | 10 |
| | IMI Cornelius, Inc. | 17 | 10 |
| | MANITOWOC ICE INC. | 75 | 45 |
| | Mile High Equipment | 44 | 24 |
| | Scotsman Ice Systems | 25 | 13 |
| | | | |
| | | | |
| Beverage vending machines | Royal | The standard requires using widely available efficient lighting (T-8 lamps and electronic ballasts) to illuminate vending machines. These three companies hold 90% of the market. All can easily comply. | |
| California standard energy.ca.gov | Dixie Narco | | |
| | Vendo | | |
| | | | |
| Unit and duct heaters | Reznor | All major manufacturers make models to this specification already. Features like pilotless ignition, power venting and auto flue dampers (included in the standard) are already common. | |
| Power or induced draft standard | Sterling | | |
| | Modine | | |
| | Goodman | | |
| | Lennox | | |
| | | | |
