

Strategic Electrification Summit

June 29, 2017

Schneider Electric Facility, Boston One Campus
800 Federal St
Andover, MA 01810

Student Scholar Sponsorship Offer

Hello,

If you know (or are) a graduate or undergraduate student interested in the energy industry, you are invited to apply for a student scholarship to attend NEEP's premier Strategic Electrification Summit event in 2017 and be paired with a mentor for the day.

Northeast Energy Efficiency Partnerships (NEEP) is offering student scholarships to this one-day meeting. (An agenda will be posted on the [NEEP website](#)).

Who Should Apply?

Undergraduate and Graduate Students interested in energy, energy efficiency, environmental issues, business, public policy, facilities management and engineering can apply.

Scholarship Criteria

Scholarship recipients will be chosen on the relevance of their career plans, interest in the industry, and commitment to attend the entire day's event.

We encourage you to spread the word about this event. Here are more details:

Event: NEEP Strategic Electrification Summit

Date: June 29 2017

Location: Schneider Electric Facility, Andover MA

Benefits:

- We make networking easy with mentors:
- While attending the event, students will have a **"buddy mentor"**. This person will be available to discuss presentations and introduce them to industry leaders and potential job leads.

What is Covered: Each scholarship includes complementary admission to the event. (Students will be required to make their own travel arrangements and other accommodations, if necessary.)

Application Info **Deadline to Apply: June 2, 2017**
